

Student Support:

Scholarship: Two scholarships were available to students to choose from in 2019-20:

1. Rajashree Chatrapati Shahu Maharaj Scholarship. (Open), and 2. Post Matric Scholarship (Caste/category-based) both of which are sponsored by the state government. Efforts are made to bring more students under National Scholarship Portal and HPCL scholarship, too.

Earn & Learn: Some of the work on the campus is given to the needy students on the regular wage-basis to earn while they learn.

Campus Fund:

Medical Care: The Rural Government Hospital is close by (just 150 meters) in case of any medical need or any casualties for the students. The institution is in good contact with the doctors for any emergency need.

Career Guidance/Placement: Career Guidance Cell of the college organizes various programmes every year. A specialized team of trainers are invited this year (2020-21) by the college to give intensive training in our campus to our tribal majority students for police recruitment. Many students get placed during the recruitment. The training is now on.

NET/SET: Since the college is a single faculty college with only B. A programme in the regular mode, we have no regular PG students to give NET/SET coaching to.

Remedial Coaching: Teachers give remedial coaching to weak students, particularly under the 'Mentoring under Teacher Ward Tutorial System' the Best Practice adopted by the college.
